Needed Action

Action should be taken by the board of county commissioners at an early date regarding the placing of sidewalks upon Main street. Under present conditions property owners are bound to obey no law in the placing of their walks and as a result every walk is on a different grade.

The commissioners, sitting as a town board, should adopt an ordinance wherein a grade for sidewalks for Main street would make the different walks uniform. Under present conditions a pedestrian encounters steps every few feet, or else the walk comes to a slope that makes it a difficult and dangerous matter to negotiate. This is especially true with women wheeling baby carriages. It is a frequent sight to witness a woman wheeling such a vehicle in the center of the street, preferring this thoroughfare to the almost impassable walks.

It need not be necessary for property owners to change their sidewalks, but the grade would have the effect of compelling all who later build walks to comply with the ordinance and have a thoroughfare of uniform levelness. It would only be a matter of a few years until all the property owners had complied with the ordinance and then the Main street of Tonopah would more resemble that of a young city instead of a backwoods village, as it now appears.

Such an ordinance would work a hardship on no one, for to the contrary it would assist property owners in the future, and in addition would make the walks on both sides of the street passable in all conditions. The commissioners should give the matter their immediate attention at the next meeting.

Oddie's Message

In the annual message of Governor Oddie, as submitted to the legislature Monday, it was recommended that a bill be passed authorizing the various counties in the state to issue bonds that roads might be constructed. This is intended to allow various counties to secure the transcontinental highway through their confines.

Nye county is traversed by the route known as the Midland trail, which gives promise of being the best traveled thoroughfare between oceans. The road between Ely and Tonopah is now in good condition and with an expenditure of several thousand dollars could be made the best automobile road in the state. It is the duty of the people of Nye county to make this expenditure for every cent spent will be returned tenfold. If the money is obtainable in no other way, then make a bond issue and secure a sum that will construct a thoroughfare that will be lasting.

If the Midland trail is adopted as the transcontinental route, then the automobile association will bear one-third of the expense and the road will be constructed under the supervision of an army engineer. This will mean advertising not only to Nye county, but to the entire state and will prove more beneficial than any industry located in the northern or western part of Nevada. This includes the divorce industry.

Advertising

Quite a number of people in Tonopah are receiving the San Francisco Chronicle now with paid-up three-months' subscription marked on the paper. Many more people throughout the state are also probably receiving the paper under similar conditions. They have not subscribed for that paper, but they need not fear to take it from the postoffice and then have to pay for it. Somebody else has paid for your subscription so that you may read what the Chronicle has to say in the way of boosting the Panama exposition. There are thousands of these papers being sent to Nevada people now. It costs money to do this, but it pays. California knows how to advertise.

Poor old Nye county got it in the neck proper when the members of the state assembly refused to allow the four democratic representatives from this section the honor of naming a single attaché. To make matters worse Washoe assemblymen named eight attaches in the two houses. There are just as many hungry office seekers in Nye as in Washoe, but—That's it. Just bit.

Rubber Goods

We have to be careful in the selection of rubber goods and you should be as careful as we are. Between the highest grade and the wholly bad there is not very much difference in external appearance, but the difference is soon found out if you happen to get hold of an unworthy kind. We carry different grades of which the cheapest are good and the best are the finest to be had. Each kind is sold for just what it is and at just the right price.

THAT TIRED FEELING

SUGGESTS GRANDMOTHER'S REMEDY

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy, but that has long been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cod's liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker of Bowen's Mill, Ga., says: "When I was badly run down last spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not. Miners' Drug Store, Inc., Tonopah Nevada. 37-adv.
